

Associated Garden Clubs of Spokane Grant Application 2026-2027

For examples of appropriate grant projects please see our website associategardenclubs.org which gives information about requirements and a list of grants given from 1986 to 2025. Grant amounts will depend on the net revenue from the 2026 AGC May plant sale. Recent awards ranged from \$250 to \$7500. We strive to give at least five grants but may be able to award only partial amounts.

Please complete all sections of the form in the format given. Incomplete applications may not be considered. The projects must be in Spokane County.

Each organization may apply for only one grant per year. Applicants may have grant requests considered and awarded for two consecutive years. Associated Garden Clubs will not fund labor, administrative salary, design, or consultation fees as part of the grant.
